

## RANGER LOGISTICS SERVICES

Ranger provides a comprehensive solution to our customers unique transportation needs through our logistics services by offering a variety of trucks and trailers for transportation of equipment, fluids and personnel. We manage our large fleet of vehicles through eDrive, an application within our Ranger Live Mobile Platform. With eDrive, we are able to track our vehicles and access information including driving behavior scorecards, driver vehicle inspection reports, management dashboards and vehicle maintenance schedules ensuring safety while out on the road.
